Shut Down Safety Assistance

STEP, LLC assists with shutdown/turnaround safety issues to help ensure that turnaround work stays on schedule. We have over 25 years of onsite work with petro-chemical plants, nuclear industries and maintenance operations. While you are working to make upgrades or meet changes in regulations, we can provide safety oversight services for the additional onsite workforce. We will work with you to tailor our safety services to meet your specific needs.

Our outage work includes:

- Shift work
- Short or long duration work
- Project management interface
- Pre-project or pre-task planning
- Jobsite/orientation training
- Assist with regular safety meetings
- Pre job safety talks
- Workforce development
- Periodic monitoring
- OSHA recordkeeping
- Accident/incident investigations
- Fire watch
- Permit review/writing
- Inspections
- PPE enforcement
